What type of presentations would you like to see at future breakfast meeting?

- Motivational (How to change behaviour)
- Young Worker
- More with a heavy construction format
- Having MSA members share their success stories is a good idea
- How companies develop and implement health & Safety policies
- Local stories – good or bad
- Best practices info
- Specific implementation of programs
- (Talks about) more of the direct types of safety compliance needed
- Would be nice to see a presentation on having a bad experience with a specific program. People need to be aware of the other side of the fence.
- More interactive – possible visual/audio images of speakers' shop? Get to know speaker better.
- Some type of stories
- Further success stories. More experiences of the struggles to be safe
- WCB presentation & feasibility study on loss of time due to injury
- No suggestions. I've enjoyed every session I have attended
- More of the steps taken on how or which steps are needed to start the COR process
- COR certification processes
- More on the importance of leadership in health & safety. Have someone in from OH&S (LRWS) to speak on the importance of leadership
- Not at this time
- I think that the format you are currently using is working fine

Comments

- Electronic evaluations
- I thought the interview format was a very good idea. Good job!
- I always enjoy these sessions – hearing what is going on in other companies and industries
- Keep up the good work
- Great idea of breakfast!
- Great information
- Always interesting to hear others stories towards COR. Thanks to MSA
